daily use toilet cleaner

Our Defra Accredited toilet cleaner is designed for a daily cleaning regime. The super-thick formula cleans and deodourises all toilets and urinals including stainless steel. It descales while cleaning and prevents any further lime scale build up. Simply brush and flush. It has been rigorously and independently tested against leading brands, and has been proven to be as good as, or more effective than comparable products. It does not contain any of the hazardous chemical traditionally used in toilet cleaners, making it safer to use and store and better for the environment.

Application & directions

Simply squirt a small amount into the toilet and under the toilet rim. Brush vigorously and flush clean.

Areas of usage

Our toilet cleaner can be used in toilets and urinals where regular, daily use is required for hygiene purposes. It is easy to use, simply apply, brush and flush (do not leave to stand). It can be used in a variety of locations including:

- Hospitals
- Public conveniences
- Care homes
- Pubs and clubs
- Restaurants
- Hotels
- Schools and colleges
- Offices and commercial buildings
- Leisure facilities
- Sports clubs and gyms
- Septic Tank Safe
